# *The Pride of Milwaukee*

**T**HERE is no criterion which is applied more frequently to a city than the standing and quality of its newspapers. The Milwaukee Journal is known everywhere as the best newspaper of its city and state, and indeed as one of the great newspapers of the world.

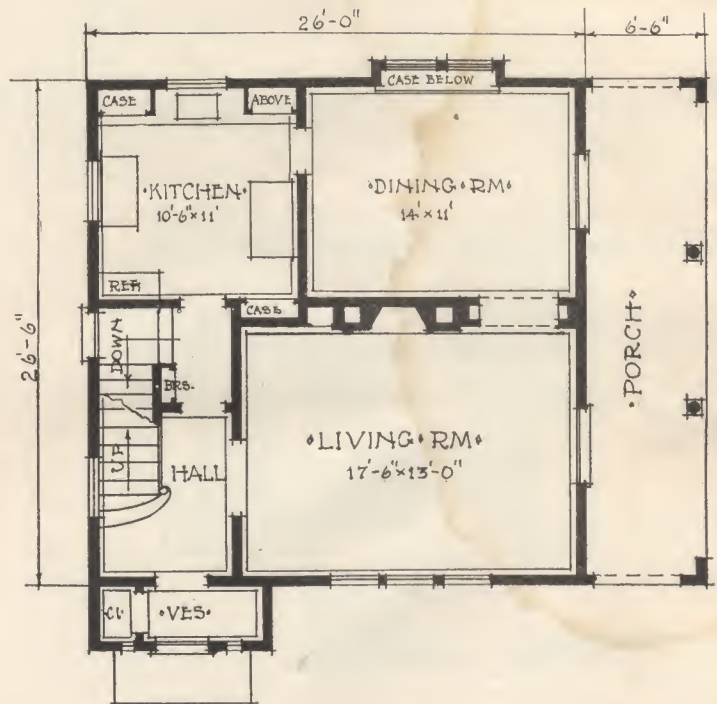

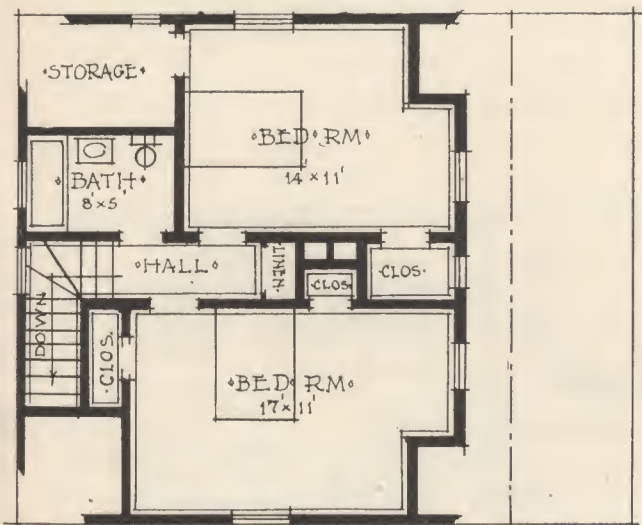

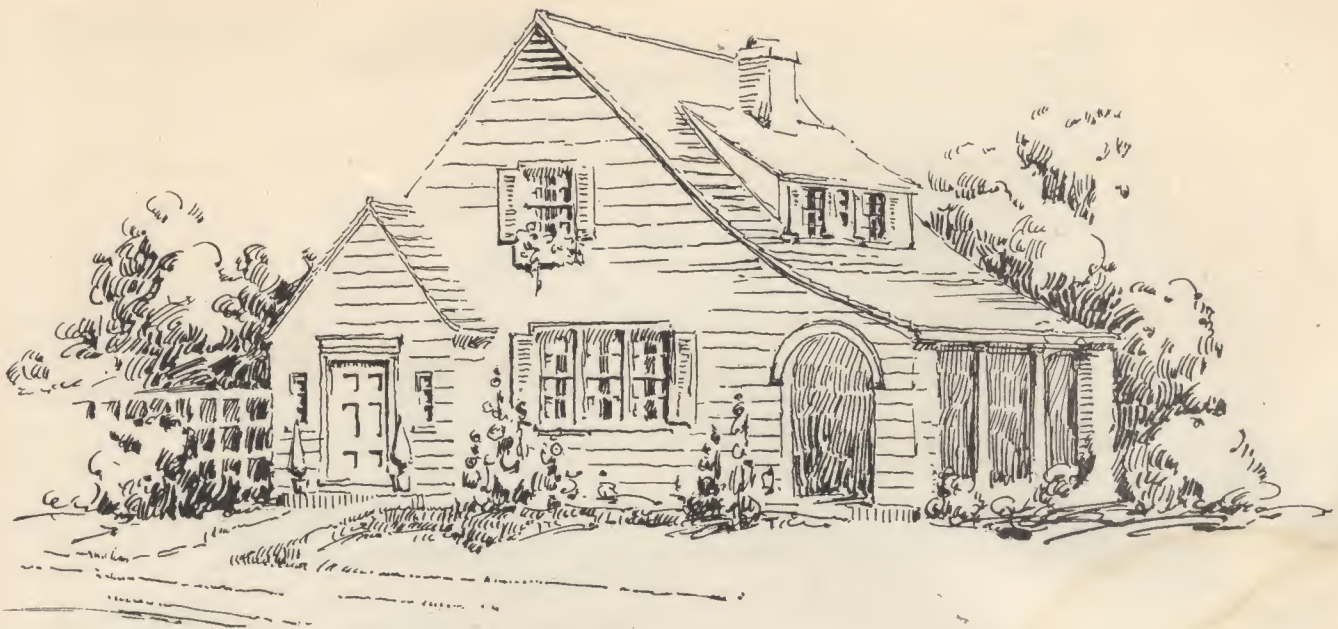

**U**pon the completion of The Journal's new building now under construction at State and Fourth Streets, Milwaukee will possess the most efficient newspaper plant in America—very tangible evidence of progress far exceeding what is to be expected in a city of this size. This project is to assure Journal readers of a continuation of the best possible newspaper service. It will be evidence of the appreciation and good judgment of the half million Milwaukee and Wisconsin people whose consistent reading of this newspaper has made possible its success.
